

At Align Technology, we believe a great smile can truly transform a person's life, so we create technology that gives people the confidence to take on whatever's next. Since April 2020 exocad is part of Align Technology. Exocad is founded in 2010 as a spin-off of the world-famous Fraunhofer Institute for Computer Graphics Research and develops CAD software solutions for digital dental technology. International customers includes well-known companies in the dental industry. You can find more information about exocad on [exocad.com](http://exocad.com).

Ready to join us?

To strengthen our development team in Darmstadt we are looking for you as

## Medior Full Stack Developer (m/w/d)\*

Join a team that is changing millions of lives. Transforming smiles. Transforming lives. Transforming an industry. exocad is looking for a Software Development Engineer in Test. To work on very interesting new features, in a variety of technologies and areas of expertise.

The team currently is distributed between Darmstadt and Tel-Aviv (Israel), so good English knowledge is a must have.

As a Software Development Engineer in Test, you work with a cross-functional agile team. Verify existing and new functionality, test robustness and performance of web applications, develop and use tools for testing automation.

### Your key responsibilities include:

- Design, develop and deliver web applications for the world of digital dentistry
- Teach, learn, identify, recommend, and implement high-standardized and documented code and features
- Act autonomously, provide inputs and suggestions
- Work closely with other development teams to facilitate work efforts

## Who we're looking for:

- 5+ years of experience in software development
- Strong proficiency with JavaScript, TypeScript and web technologies
- Good knowledge of modern web frameworks/libraries (Angular, React, or Vue.js)
- Good knowledge of .NET, ASP.NET MVC
- Good knowledge of software design principles
- Good knowledge of the software development process
- Good problem-solving skills
- Excellent communication and teamwork skills

## What we offer you

- Exciting and wide range of tasks in a dynamic and growth-oriented software company
- Flat hierarchies and efficient decision-making processes
- A positive working atmosphere that promotes both individual freedom and responsibility
- Strong team spirit
- Modern offices and cutting-edge work equipment
- Flexible working and home office
- Education and training
- Sport and work life balance
- Free drinks and snacks
- Canteen with own cook
- Corporate events
- Job ticket

## Want to join?

If this position excites you and fits your qualifications and professional goals, we look forward to receiving your application.
