

exocad is a leading dental software company, continuously pushing the boundaries at the forefront of digital dentistry. Founded in 2010 as a spin-off of the world-famous Fraunhofer Institute for Computer Graphics Research and now part of Align Technology, we develop CAD software solutions for the dental industry. Labs and clinics in more than 150 countries rely on our software portfolio to design and create both functional and esthetic dental restorations. Find out more about us and our products at [exocad.com](https://www.exocad.com).

To strengthen our Align/exocad Orthodontic team in Darmstadt we are looking for you as

Senior SQA Automation Engineer (m/f/d)

We are looking for an experienced SQA Engineer, who will be driving and developing automated tests, working closely with development team and product owner to define/adjust use cases and making sure that our product conforms to the highest possible quality standards.

In this role, you will...

- Design test cases and conduct test cases reviews
- Driving and support test automation of our applications
- Participate in project releases a few times a year
- Estimate testing scope and plan testing for project / feature
- Manage and maintain required test software documentation
- Work with bugs throughout their life cycle
- Collaborate with other applications' teams

The personal requirements

- Bachelor's or Master's degree in Computer Science or equivalent
- 4+ years previous experience as SQA Engineer
- 3+ years hands on experience in test automation using Python
- Effective communication skills in English
- Experience in writing and support technical documentation
- Broad knowledge of SQA processes and awareness of business issues and their impact on product development
- Excellent written and verbal communication skills in English, min C1

What we offer you

- Exciting and wide range of tasks in a dynamic and growth-oriented software company
- Strong team spirit, flat hierarchies and efficient decision-making processes
- Positive working atmosphere that promotes individual freedom and responsibility
- Modern offices and cutting-edge work equipment
- Flexible working hours and home office
- Education and training
- Sport and work life balance
- Free drinks and snacks
- Cafeteria with own chef
- Corporate events
- Job ticket
