

exocad is a leading dental software company, continuously pushing the boundaries at the forefront of digital dentistry. Founded in 2010 as a spin-off of the world-famous Fraunhofer Institute for Computer Graphics Research and now part of [Align Technology](#), we develop CAD software solutions for the dental industry. Labs and clinics in more than 150 countries rely on our software portfolio to design and create both functional and esthetic dental restorations. To strengthen our information security team in Darmstadt we are looking for you as

## Senior Technical Writer (m/w/d)\*

We are looking for a Senior Technical Writer to join a team responsible for extending and improving clinical rules that form the basis of Invisalign treatment. In this role, you will write detailed descriptions of clinical protocols and software behavior to support releases of cloud services and user-facing applications in a regulated medical environment. Beyond regulatory requirements, you will work closely with expert clinicians and with developers of state-of-the-art mathematical methods, extend the knowledge base for clinicians and engineers and drive the technical documentation process.

### The main tasks may include

- Interview experts to build consistent and comprehensive knowledge base
- Explore and document software behavior and clinical protocols implemented in software
- Maintain traceability and regulatory documentation for medical software
- Write content in documentation-as-code approach, using version control, markup format and text editors
- Educate and guide engineers in contributing to consistent documentation

## The personal requirements

- Bachelors degree or higher, education in software, mathematics or a medical field is a big plus.
- 6 years of experience as business analyst or technical writer
- Excellent command of English language
- Experience with version control system and text editors for writing in XML, ReST or markdown. Git, AsciiDoc experience a big plus.
- Interest in learning the problem domain and sharing knowledge with the wider team
- Ability to work in a regulated industry, follow a strict process and achieve high quality in every detail.
- Fluent English skills
- German will be a plus

## What we offer you

- Exciting and varied tasks in a dynamic and growth-oriented software company
- Flat hierarchies and efficient decision-making processes
- A positive working atmosphere that promotes both individual freedom and responsibility
- Strong team spirit and very good working atmosphere
- Modern offices and workplaces, working with the latest technologies
- Flexible working hours
- Home office possibilities
- Corporate Events
- Sports facilities and work-life balance
- Free drinks, fruit and snacks
- Canteen with own cook
- Good transport connections
- JobTicket

## Have we aroused your interest?
