**EXOCAD'S CHAIRSIDE CAD RECOGNIZED AS A 2021 CELLERANT BEST OF CLASS
TECHNOLOGY AWARD WINNER**

ChairsideCAD receives a Cellerant Technology Award for third consecutive year

DARMSTADT, Germany – September 21, 2021 -- exocad GmbH (exocad), an Align Technology, Inc. company and a leading dental CAD software provider, announced today that *ChairsideCAD*, its open-architecture CAD software for single-visit dentistry, received a 2021 Best of Class Technology Award from Cellerant Consulting Group. This is the third consecutive year that *ChairsideCAD* has been recognized for this award.

"We are honored to receive this prestigious industry award from dental industry leaders once again for our best-in-class software solution, and we're excited to share the power of *ChairsideCAD* with clinicians. This software can enhance the chairside design process, making it faster and more accurate," said Larry Bodony, president of exocad America, Inc. "The intuitive design workflow of *ChairsideCAD*, plus the freedom to use any open hardware, makes this a fantastic tool to streamline even the most challenging cases."

exocad stands as the software of choice for leading manufacturers of dental CAD/CAM systems because it is flexible, reliable and intuitive. Dental professionals consistently turn to exocad software to streamline their workflows for a broad range of indications. Based on exocad's renowned lab software *DentalCAD*, *ChairsideCAD* is the first complete open-architecture CAD software platform for single-visit dentistry. The software includes a step-by-step guide through the design process, simple integrations with a broad spectrum of devices and the ability to seamlessly share information between clinicians and labs.

Since the inaugural presentation in 2009, the Cellerant Best of Class Technology Awards have grown to occupy a unique space in dentistry by creating awareness in the community of
