**EXOCAD LAUNCHES THE “CREATOR CENTER” WITH 35 LIVE WEBINARS,
EXPLORING *DENTALCAD 3.0 GALWAY* AND ITS PRODUCTIVITY- BOOSTING
FEATURES**

Educational online series to inspire lab technicians and dentists

DARMSTADT, Germany – June 7, 2021 -- exocad GmbH (exocad), an Align Technology, Inc. company and one of the leading dental CAD/CAM software manufacturers, announced the release of more than 35 educational webinars to showcase highlights and demonstrate new features of exocad’s *DentalCAD 3.0 Galway* and other products under the new educational umbrella Creator Center. exocad’s own experts will offer tips on how to get the most out of the dynamic digital dentistry software portfolio, with a special focus on Instant Anatomic Morphing, removables, *Model Creator*, *Smile Creator*, *PartialCAD* and more. Participants at all levels of expertise, from dental design beginners to experts, can ask questions live while watching the hour-long demonstrations.

“The webinars are a great way to connect and educate exocad users about the latest benefits our new features will bring to their workflows,” said Michael Kohlen, exocad’s Head of Global Application Support. “The educational series is specially designed for valued exocad customers and potential new users who want to broaden their skillset and boost productivity with exocad’s leading CAD/CAM software.”

Technicians and dentists who want to bring their digital workflow to the next level can register for free for the following webinars:

exoplan:

- Level up your guided surgery for superb patient care

Press Release

DentalCAD:

- *DentalCAD 3.0 Galway*: Explore Instant Anatomic Morphing and other productivity boosters
- Save time with AI-empowered *Smile Creator* with new mock-up option
- *Model Creator*: A deep dive into plateless and implant models
- Removables. The new rage. *DentalCAD 3.0 Galway FullDenture Module* and *PartialCAD*

The seminars will take place in June across four time zones in the following languages: English, German, Chinese, Italian, Portuguese, French and Spanish.

More information, a detailed agenda and registration links are available at exocad.com/webinars.
